Corporate Development
Dear Valued Supporters,

It is with great pleasure and gratitude that I welcome you to our annual report. At PathStone, our mission is to strengthen individuals, families, and communities by providing opportunities for sustainable self-sufficiency and to promote social justice through programs and advocacy. This annual report serves as an opportunity to reflect upon our achievements, challenges, and progress toward creating lasting impacts in the lives of those we serve.

Over the past year, PathStone has remained steadfast in its commitment to empowering individuals and promoting self-determination. As an organization dedicated to community development, we have continued to prioritize initiatives that address the needs of underserved populations, fostering economic growth and building resilient communities.

The past year has brought both triumphs and challenges, and PathStone has risen to meet those challenges, demonstrating resilience, adaptability, and innovation. We have strived to maintain the quality and effectiveness of our programs and services, ensuring that those who rely on us receive the support they need.

We have also gone through a significant transition in our leadership team. Three of our long-term staff retired after serving our clients for many years. As a result of our succession planning, we have successfully transitioned new leaders in our organization. This transition also extended to our new Board of Directors Chair, Orlando Ortiz.

I am proud to share that our dedicated staff, volunteers, and partners have remained unwavering in their commitment to our mission. Together, we have achieved significant milestones and have made a positive impact in the communities we serve. Through our wide range of programs, such as affordable housing, workforce development, education, and related services, we have helped individuals and families overcome barriers and achieve self-sufficiency.

None of our accomplishments would have been possible without the support and trust of our community partners and supporters. Whether you are a PathStone employee, donor, partner, volunteer, or advocate, your contributions have played a crucial role in the success of our work and the positive outcomes we have achieved. We extend our heartfelt appreciation for your unwavering support and commitment to our cause.

As we look ahead to the future, we remain committed to creating thriving communities where all individuals have access to opportunities for growth and success. PathStone will continue collaborating with our partners, leveraging our expertise, and empowering individuals and families to build prosperous lives. Together, let us celebrate our progress and renew our dedication to the transformative work that lies ahead.

Again, Thank you for your continued support and belief in PathStone’s mission. Together, we can build a brighter future for all.
Where We Help

In 1969, PathStone was founded as an advocacy and supportive services organization for seasonal and migrant farmworkers. At that time, we operated a few programs in Wayne, Monroe and Orleans counties counties in New York State. PathStone now operates in scores of counties across nine states and within all 78 municipalities in Puerto Rico. Over fifty years later, we continue to provide partnership and expert support to individuals and families hungry for opportunities to achieve the goals they set for themselves.

How We Help

Working collaboratively with a broad network of community partners in our local service areas, PathStone delivers services in five chief interrelated arenas:

- **Advocacy**
  PathStone senior staff leadership and Board of Directors are committed to representing the needs and rights of participants with governmental, business, and community institutions for the purpose of promoting economic and social justice.

- **Community Development**
  PathStone invests in emerging entrepreneurs who are eager to expand their business and create employment opportunities in their communities.

- **Education & Health**
  PathStone provides a range of education and health services designed to promote and enhance lifelong learning, healthy living and employability for low income individuals and families.

- **Housing Services**
  PathStone connects individuals and families with appropriate, affordable places to live that ensure a roof over their head with the opportunity to thrive in their community of choice.

- **Workforce Development**
  PathStone is the bridge between employers in need of a skilled and productive workforce and the untapped reservoir of untrained – often underemployed or unemployed – prospective workers.
